Introduction

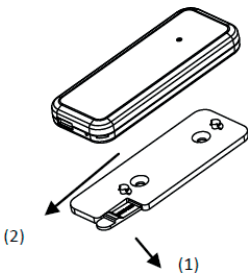

Thank you for choosing the SmartDhome Z-wave signal repeater for pairing with the home automation gateway. This module is a Z-Wave enabled device and is fully compatible with MyVirtuoso Home network.

Product description and specification

This device is used to improve the wireless signal between devices in the network. For indoor use.

Release the bracket:

- 1) Press down.
- 2) Slide to release:

Specification

Protocol: Z-Wave.

Frequency range: 868.42 MHz.

Operating voltage: 5V DC.

Operating range: 100 m uninterrupted.

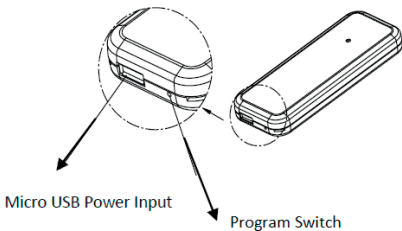

Operating temperature: -15°C ~ 60°C.
Dimensions: 82 (H) * 32 (W) * 10 (D)mm.

Package contents

- 1 Z-wave signal repeater.
- 1 Wall-mounting accessory.
- 1 Micro USB Power Input.
- 1 Installation manual.

Installation

- 1 On the bottom of the device, there is the program switch which is used to carry out the inclusion or the exclusion.

- 2 For inclusion: Put MyVirtuoso Home gateway into inclusion mode (refer to user manual), press once the program switch on the device to complete the inclusion process. To extend the signal, update the MyVirtuoso Home routing table. To find out how to do this, refer to the gateway manual. For exclusion: Put MyVirtuoso Home gateway into exclusion mode, press once the program switch on the device to complete the exclusion process.

Note: if the device was correctly included into the MyVirtuoso Home gateway, the Status Indication LED will be OFF. If the device was correctly excluded from the network, the LED will flash.

Note: During the inclusion/exclusion phase, the device should be within 1 meter of MyVirtuoso Home gateway.

Operation

As soon as the device is connected it can extend the wireless range, which enables you to control and run an extended range of devices.

Warning

Do not dispose of electrical appliances along with general waste, use separate collection facilities.

Contact your local council for information regarding the collection systems available.

If electrical appliances are disposed of in landfills or dumps, hazardous substances can leak into the groundwater damaging the environment and human health. When replacing old appliances with new ones, the retailer is legally obligated to take back your old appliance for disposal free of charge.
